

10 Reasons Why You Should Select Summit Software to Help Your Business Achieve Peak Performance

1. **Company Experience:** Summit's management, sales, and consulting team brings over 100 years of combined experience designing, developing, and implementing shop management software into your business! This means you and your staff will actually work with people that know and understand how to help you operate your business Better, Faster, and More Profitably!
2. **The Most Options and Solutions:** Summit offers five different shop and scheduling management solutions to meet the needs of virtually any size shop in North America. Summit has over 18 different shop management technologies designed specifically for collision repairers, MSO's, and Repair Networks!
3. **Singular Focus:** Summit's single focus is designing technology solutions and business processes that help collision repairers operate their businesses Better, Faster, and More Profitably! We believe that if we help collision repairers operate more efficiently and effectively the rest of the claims process will follow. Remember the collision repair facility is the **ONLY** place in the claims process where the **Car** , **Claim**, **Customer**, and the **Parts** all converge!
4. **Innovation:** Summit has introduced more shop management systems, solutions, ideas, and technology products over the past five years than all of our competitors combined!
5. **The Most Advanced Shop Management Solutions:** We believe that anyone who takes the time to thoroughly evaluate our solutions and compare them to our competitors will come to the conclusion we offer the most advanced technology solutions in the collision industry , **PERIOD!**

10 Reasons Why You Should Select Summit Software to Help Your Business Achieve Peak Performance

6. **Big Company Support:** Large, international companies such as PPG, Chief, CARSTAR Canada, Akzo-Nobel, Sherwin Williams, and others have selected Summit to create and/or implement our technology solutions for their companies and customers.
7. **Small Company Benefits:** Being small provides Summit with the advantages of being Fast, Flexible, Personal, and Profitable. By remaining small we are able to deliver personalized service, rapid response, uncompromised vision, leading edge solutions, and easy access to the executive management team!
8. **Affordability:** Summit offers complete shop, scheduling, production, and dispatching management solutions beginning as low as \$79.00 per month. By offering the most affordable shop management solutions in the industry we make it easier for more collision repair businesses to utilize and benefit from better Measurements. Management, and Performance!
9. **Growth:** Summit is the fastest growing company in its market segment. Since we launched the company in 2001 we have added hundreds of shops as Raving Fan users. During this time we have added more new shop management system customers in North America than any of competitors.
10. **A Driving Passion for Excitement and Excellence Generates Raving Fans:** Everyone at Summit has a driving passion to create the best and most exciting solutions for collision repairers! If you don't believe us call our "Raving Fan" customers, they will tell you.....
